WHAT IS AMIA?

The American Medical Informatics Association (AMIA) is a community committed to the vision of a world where informatics transforms health care and is the professional home for the informaticians of today and the driver for the future of informatics. Its 5,500+ members in more than 65 countries are subject matter experts in the science and practice of informatics as it relates to clinical care, research, education, and policy. Individual members include clinical and health informatics professionals (physicians, nurses, dentists, pharmacists, and other clinicians); translational and clinical informatics scientists, researchers, and educators; biomedical and health science librarians; advanced students pursuing a career in informatics; developers, computer, artificial intelligence, and data scientists; government officials and policymakers; consultants and industry professionals. AMIA also serves organizational members, including health systems, industry partners, and academic institutions. AMIA supports its members and the field through education, training, accreditation, certification, and advocacy and provides extensive opportunities for networking and collaboration.

DID YOU KNOW?

It takes multiple exposures to a single marketing message for a consumer to be motivated to act. Make sure your message is the one AMIA's members see time and time again. AMIA's advertising opportunities are designed to put your company or organization front and center with the best and brightest in informatics, and AMIA can help you craft a strategic advertising plan that will make the most of your available resources. All advertising opportunities are available on a first-come, first-served basis.

YEAR-ROUND ADVERTISING

AMIA offers multiple advertising opportunities throughout the year to help you build your brand, tell your story, showcase your products and services, recruit new employees or students, **and impress upon AMIA's membership your commitment to them, to their professional development, and to the field of informatics.**
